

How to download and install HEC-RAS?

<https://www.hec.usace.army.mil/software/hec-ras/download.aspx>

The screenshot shows the HEC-RAS download page. The left sidebar contains a menu with the following items: HEC-RAS, Features, What's New, Downloads (circled in blue), Documentation, FAQs, Known Issues, Bug Report, Suggestions, Demo, Sponsors, Collaborators, and Support Policy. The main content area has a header with the HEC-RAS logo and a navigation breadcrumb: HOME > SOFTWARE > HEC-RAS > DOWNLOAD. Below the breadcrumb, the text states: "HEC-RAS has been developed for the U.S. Army Corps of Engineers (USACE). However, software developed at the Hydrologic Engineering Center is made available to the public whenever appropriate. Use is not restricted and individuals outside of USACE may use the program without charge. HEC will not provide user assistance or support for this software to non-USACE users. Downloading this software indicates full acceptance of your responsibility in the use of this program. Please see the [distribution policy](#) for more details." The page is divided into three main sections: 1. **HEC-RAS 5.0.7 Windows:** This section includes a sub-header "Primary Download Site:" with two download links: "Download HEC-RAS 5.0.7 Setup Package Documentation, and Example Data sets (691 MB) [Release Notes]" and "Download HEC-RAS 5.0.7 Setup Package and Documentation (385 MB) [Release Notes]". Below this is an "Alternate Download Site:" with two identical download links. A "Supported Operating Systems:" section lists "Windows 7, 8, 8.1, and 10 64-bit only" and includes a note: "Note: If you are using Windows 7, 8, or 8.1; you must ensure that your operating system is up-to-date with all known Microsoft updates." 2. **HEC-RAS 5.0.7 Example Data:** This section includes a sub-header and a text block: "This file contains all of the HEC-RAS example data sets." followed by a download link: "Download HEC-RAS 5.0.7 Example Data (299 MB)". 3. **HEC-RAS 5.0.7 Linux:** This section includes a sub-header and a text block: "The Linux setup package (zip format) contains HEC-RAS 5.0.7. HEC is unable to provide any support or assistance with this version of HEC-RAS beyond the scope of what is included in the provided [Release Notes]." followed by a "Current Version:" sub-header and a download link: "Download HEC-RAS 5.0.7 for Linux (114 MB) [Release Notes]".

Lakukan Instalasi seperti biasa.

Bila sudah berhasil, buka program HEC-RAS, tampilannya seperti ini.

Lakukan simulasi.

Selesai.
